

I want the FCC to know that I am a subscriber to XM Satellite Radio and I vote. I am wholeheartedly opposed to any interference from lobbyist from the National Association of Broadcasters in limiting the usefulness I have gained by becoming a PAID subscriber to XM Radio. I recently travelled across country with my family and was greatly benefitted by the regular weather forecasts and traffic updates that XM Satellite Radio provides as a service which I PAY FOR. Satellite radio provides me with variety and quality that are not found anywhere else, please don't disadvantage me because it cuts into someone else's profit margin!! Please reject petition HR 4026!!!! I pay for these advantages and it should not be up to the National Association of Broadcasters to dictate what I'm permitted to hear. I urge the FCC to reject the NAB's attempt to cement their monopoly on OUR airwaves.
